The Hon. James A. Seddon
Secretary of War.

Dear Sir -

In consequence of
the heavy demands upon the time of the pastors
of the Churches in this city, the Confederate Hospital
located here, enjoys but the occasional ministrations
of the Gospel. In conformity to the wishes of clerical
friends, I hereby make application for the chaplaincy
of this Post, if in your judgment such appointment
be deemed advisable -

Respectfully

Your Servant

- W. J. Ward -

Head Qr., Dist of Geo.

Deeming it of great importance that
the sick in the Conf Hospital at Augusta should enjoy the spiri-
tual ministrations so suited & so needful to their condition. I very
cordially approve this application & shall be personally much gratified
if the appointment can be made. -

Sir -

I have the honor. very respectfully. to request a leave of absence for ~~thirty~~ ^{five} days to visit my home - I have been in active service since the beginning of the war - I have been married about two years. and since that time. I have not spent more than four or five weeks with my Lady - Another reason for asking a leave of such length is. my home being in East Florida. it will consume some considerable time in going and returning.

My dear Major

Your note of
yesterday is received. The exception
in the Act of Congress is only in favor
of those who were then authorized
to raise Regiments. If you will
apply at once to the War Department
for authority to raise a Regiment,
I will take great pleasure in endorsing
your application in the most decided
terms, & forwarding it to Richmond.
If you can suggest any other
method by which I can serve you,
please command me.

Very respectfully

Dear Sir

I have the honor to respectfully apply for
appointment as Assistant Quarter Master in the
Artillery Department. I have much to say, I
was compelled to leave active service on account of chronic
disease of the bladder and Organic Stricture which have
rendered me totally unfit for the field. I have been
examined by the Medical Board and granted a permanent
exemption. My health is much impaired, but I still
desire to do all I can in a less active sphere. My
business habits, as you are aware, are good, and if you will
kindly consider this application, I am satisfied that by my
attention to my business I can make myself useful to the
Department.

I am, Sir, very respectfully,
The undersigned, to whom I refer to the undersigned
Master of the Artillery Department, a public work only

I have a favor to ask - it is
to appoint my nephew John L. Hardee, a Capt

has been serving as a member of my staff, and
in the Adj. General's office for several months

is industrious & zealous, and of good moral
character. He served with his general ancestor

your consideration the following facts. On the 1st of February last, I received from you, through Genl Beauregard, authority to raise an Infantry Regiment, to be composed of able bodied persons under 18, and over 40 years of age. After two weeks trial, finding I could accomplish nothing under the restriction, I commenced to accept all volunteers irrespective of age, trusting, that the Dept would overlook the breach of authority, in consideration of the fact, that I was putting into the field, a large number of men from the mountains of Upper Ga, who had constantly evaded conscription, and could never have been got into service but under a volunteer call, and in view of Genl Mercer's urgent call for more troops for the defense of the Coast.

As soon as I had six Companies in Camp, I removed to Savannah, ordering the remaining (4) Companies, then rapidly forming, to report to me as soon as ready at that city. At this juncture, Col Weems Commanding Camp of Conscripts at Macon wrote Genl Mercer that, he had been informed that my command consisted chiefly of men liable to conscription, and that he desired all such, to be forwarded to his Camp. Genl Mercer telegraphed twice to the Dept to be allowed to retain my men, but receiving no answer, I telegraphed Col Weems (hearing that my companies could in this way be saved) that I would send my six Companies to Macon for the purpose of uniting with a Mr Jns W Evans (who had authority from Genl Cobb to raise a Regiment) in the organization of a Regiment, anticipating, of course, that I would command the Regiment where I would furnish nearly all, if not all of the Companies. I was unable to accompany my troops to Macon, and a few days afterwards, at an interview I had with Mr Evans, he told me that the Companies had been turned over to him by Col Weems, and that his obligations were already made to others for the

W.D. 1623

field appointments. The authority granted Col. ~~Barrows~~ to raise a Regiment, permitted him to take men liable to conscription from Genl. Cobbs Dept and a few other Counties alone, and I now assert that not five men in my six Companies came from the section of country from which he was allowed to receive them, and in face of that fact, my Companies were taken from me, and turned over to another man by Col. Weems, who was in no way entitled to enjoy the fruits of my own labor. One of the Companies has since disbanded and Col. Evans now has in his Regiment, five Companies which were raised by my own money and exertions and under my authority & to which has not the slightest shadow of a claim. I have understood that Col. Evans' Regiment has recently organized that the field appointments have been made by the Dept. The Companies to which I allude are commanded by Capt. Smith, Thomas, Pritchell, Mr. Cleckey, Jenkins, & Pritchell.

I have made this statement not for the purpose of asking that these Companies be turned over to me, but simply to show some justification in my asking for another appointment. I could easily have completed my Regiment - the five of my Companies now in the field would entitle me to a majority, and in view of these facts I respectfully request that I receive either the appointment of Major or of Capt. in the Adj. Genl. Dept and be ordered to report to Col. Lee at Atlanta for duty or be assigned to take command of the Post at Marietta.

Genl. Weems' despatches now filed in the Dept and the enclosed copy of your despatch to me, go to show that my Regiment was nearly ready and in the field, and also the extent of service I have rendered the country. Had I received your despatch in time I should have joined Genl. Bragg, but I had sent the Companies to Moore before its receipt. Though not liable to military duty I have been in service for two years and now experience no little mortification in finding myself so unexpectedly thrown into civil life.

The statements made are reliable and worthy of your consideration. Last summer this city was the scene of much disorder and riot, and the citizens are anxious to have the place put under military control.

If in your power, I would be pleased to be ordered to take command here. With authority I could soon raise a small private guard and place the town and environs under strict military supervision.

In my former letters asking for a commission I expressed a desire to be appointed Commandant of Post & P.M. and be ordered here.

Sir On the morning of the 17th instant I found a partition in my room broken off in the door of this office as though some one had tried to enter at night. There was nothing valuable in the office at the time to be stolen. It is supposed that some enemy of our country (a federal telegraph operator) wished to get copies of the Govt communications passing over the line or to carry away the telegraph instruments.

There is a large number of Govt stores here wholly unprotected - there being no guards not even a city watch at night.

Our citizens respectfully ask that a force sufficient to guard the Govt stores - Post and Telegraph Office - be sent here immediately for the purpose of guarding the same. The danger is more apparent since since we have found by recent demonstrations of the enemy that they intend raiding upon unprotected places like this.

Sir,

I am in receipt of your esteemed favor of the 16th inst. informing me that upon the receipt of a communication from Genl. Murar, that you would grant me authority to raise a Regiment of conscripts

in my last application which was considered & strongly endorsed by Genl. Murar and with it I presume, has been reached you. I applied personally to raise a Regiment & further please not

The Companies, which I

chiefly of those between 40 and 45

Sir

I have a few days since at Long Beach, Missouri
to send you the following telegraphic despatches:

"Will you grant me authority to raise an
Infantry Regiment for the War outside of those
subject to conscription? I can raise the Regiment
at once. All I want is power to authorize parties
to organize Companies."

Having received no response
to the above, I have concluded to make a
similar application by letter.

Ever since my first
application to raise a Regiment which was
approved & organized by both Genls. Sherman &
Beauregard, we have been at work to effect
the organization. I have five Companies
already formed & in two or three weeks could
put the remaining five Companies into the field.

I desire authority to raise the Regiment as
as to enable me to procure rations for the
men now in the camp - transportation
to Savannah from Atlanta and arms from
Major Wright for use of men at Atlanta.

I can say without a
doubt the Regiment outside of conscription
and would not be thus additional in
my application for authority did I not
feel able to do what I say.

In taking men outside of
conscription, it does not conflict with any law
of Congress nor interfere with the strict
enforcement of the Conscription Act.

I know of parties who are
now engaged under authority from the War
Department in increasing their commands of
Savannah Regiments and are taking under
the authority men of all ages.

I am willing to stand an
examination as to competency should you
desire it.

receive a quick response, and that you will

General

I desire you ~~without~~ without delay to cause a rigid inspection of Col. Stearns' Brigade (Crittenden's Division) to ~~made~~ made by some competent Officer and if you have no one at hand to whom you can entrust that duty, I desire you will do it in person. I wish accurate information respecting the Arms Ammunition and accoutrements specifying the different kinds of Arms in each Company Battalion and Regiment also the different kind of Ammunition and the quantity. It is important that the Arms in each Regt and especially in each Company should be of the same kind and you will take steps as far as practicable to effect this arrangement by making transfers of arms from one Company to another and from one Regiment to another. In battle the Ammunition is liable to be mixed and to prevent mistakes of this character the Arms in each Regiment should be homogeneous, if this is impracticable reduce the various kinds to the lowest limit.

I wish similar instructions made of the
two other Brigades in your Command
and if needed similar arrangements.

All reports made by you direct to Genl
Hud I must be sent also to me

I wish you to make to me at once
a full report of the disposition made
by you to prevent surprise and also
your arrangements for gaining informa-
tion of the movements of the enemy.

Sir, Reached here this morning. Obenauer's Brigade ought to have reached here today but has been detained by high water. Doubt whether it would not be better for the Brigade to take the cars at this point rather than at the point where the troops usually take the cars this side Decatur. The roads at the present time are execrable, and the weather looks unpromising.

I found Knowlton at Shelbyville, and altho he had a permit from the Secy of War to leave the Confederate ^{Army} I judged it the present condition of affairs, not anticipated by Mr. Benjamin when the permit was given, that it would be unwise to suffer him to go to Nashville, and ordered him to go either to Montgomery Alabama or to Jackson Mississippi. His presence at Nashville, whether his guard was taken or not, would have been extremely prejudicial to our cause at this juncture, and I am satisfied that if Mr. Benjamin is made acquainted with the circumstances that he will fully approve my course, as I hope will also the Genl Comdg.

Captain of the Company is absent at

respect to the Cavalry which reported to me
last night. Not knowing the disposition you
designed making of them I sent to you the

to bed and your Adjutant would not dis-
turb you. I have sent for the 200 Cavalry and
will station them as directed in your dispatch
just received.

I will require more particularly
into the circumstances of the Post which is
reported to have left its position in haste &
without orders from Genl. Mansueto.

Major,

I desire to call the attention of the
Boarding Agent to the conduct of Colo R. F. Hill,
5th Tennessee Regiment, who in an affair with
the enemy at the Shiloh house yesterday dis-
played distinguished gallantry. He was at the
battle of Shiloh and bore himself with courage.

may be noticed in orders.

General

Your dispatch of the 14th inst. came to me within the last two hours.

The order from the War Department to withdraw you before placing the military character of the army in a position under your control is not a new one. I am not, however, at all disposed to raise any objection to your doing so. I am completely in accord with your orders to move my command to the Mississippi River.

I have already given Col. Cleburne orders to move with his regiment as soon as practicable and repair the Saint Pleasant plank road. I agree with you that it is not practicable to do so. I am not as certain as the War Department is that I can place my command in a supporting distance of your force.

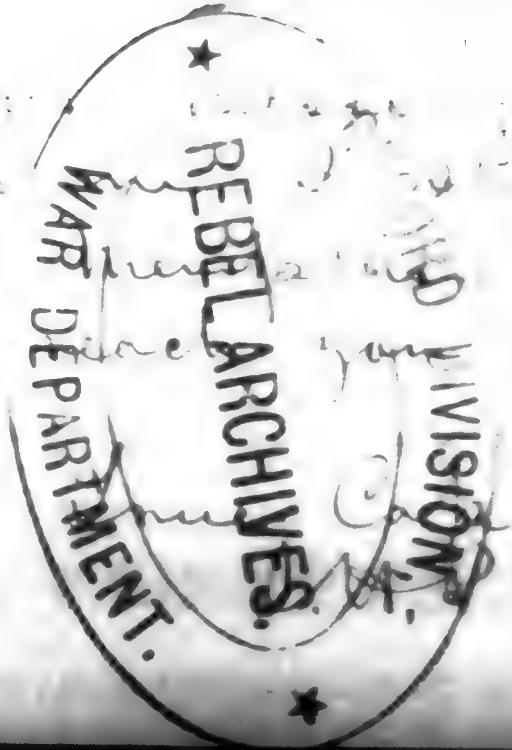

I am much interested by the number of sick, the morning report shows 900 sick in a command of 4529 men present. This number does not include that part of my command at Pocahontas.

numbering about 100 men. I take per-
 mission from you to say that I shall take
 my entire force and then place it at
 that I shall have a force of 100 men
 to protect and support the people.
 The name of the people
 now is to have a name for the people
 and to have a name for the people
 in time to have a policy sent to meet
 my concerns in the people.

General:

The last detachment of my
Command will start to-morrow for Point
Blossard on the Mississippi River, which
place I hope, my entire Command will
reach in nine days from that date.

The road has been found in a desperately
bad condition, indeed, Col. Plummer who
commands the advance and who was sent
forward with his regiment to repair
the road, writes me, that in wet weather

- The road will be found impassable.
In addition to this, regiment I have sent
onward another working party of 200
men under Lieut. Col. Marmaduke.
I hope these timely precautions will
enable me to make the Command
move on despite the bad weather.

When I last heard
from Col. Plummer he had not reached
the plank road, but a special
courier who was sent over this road
and returned yesterday, says it will
not be difficult to put it in

My dear General,

the force him to give up the command of his
Regiment and to seek repose in the Country. The next
Senior, Colo Patterson, is also ill, with little prospect
of a speedy recovery. The command of the Brigade
devolves on a very young officer who is not qualified
for the position.

Under the circumstances I have to request
Colo Geo. D. Martin who has been recommended for
Regimental he placed in command of the Brigade
as acting Brigadier. Colo Martin now commands
Nowell's Brigade, but ^{and} officers in the new arrange-
ment were assigned to the command of all the
Regiments in Kershaw's Division. It was also
concluded in the arrangements made for Georgia.
- That that Martin's Post should be broken up
so that really he is a supernumerary.

I desire this abolition
acted on tonight, if possible.

General Orders
"General"

The situation at present requires that we should attack the Enemy at once in order to prevent his attack or evacuate the place.

Considering that we have 30,000 men and the enemy nearly twice that number, protected by intrenchments, I am clearly of opinion that no attack should be made, since we are inferior and the battle of "Chickah" proves, with only the advantage of position it was hazardous to contend against his superior strength, and to attack him in his intrenchments would probably inflict on us and the Confederacy a fatal blow. Neither the number or instruction of our troops renders them capable of the task.

I think we can successfully resist any attack on our camp by the Enemy, but if a more serious attack is meditated, it will be approached gradually, and will be shelled and bombarded without equal means to respond. This will compel us to make sorties against his intrenched positions under most adverse circumstances or to evacuate the place. The latter

so that the retreat may become a rout. The

or feeble defence of the place and attempt

But it would afford an opportunity for

Under these circumstances I think
the evacuation if it be determined upon,
should be made before the enemy opens

his intrenchments or partial battle. 398

WESTERN DEPT.

It should be done, even if it were a full
even now the enemy, who will not
be driven back in good order, so as to
discourage our friends or give us
for the triumph of our enemies.

With the success of our operations
with our artillery, behind us with
a battery and mounted people to support
us, the enemy as he moves southward
away from rivers and rail roads, would
find innumerable obstacles in
moving columns so heavy that we cannot
strike them, and over a country where his
mechanical superiority will not avail
him.

If we resolve to evacuate every hour of
delay only serves to augment our diffi-
-culties. The enemy ^{RECEIVED} grows
stronger on our flank ^{RECEIVED} and ^{RECEIVED} menaces
more and more our city ^{RECEIVED} and ^{RECEIVED} mountains.
If he effects his designs he will not only
be in a disadvantageous position but

judge us, not by the movement, but by
consequences.

General.

I have placed myself in communication with Gen^l Jeff Thompson and had planned with him an attack on Fronton. He left me fully - intending to cooperate cordially in my operations and to carry out his part of the programme. The same night he received a peremptory ^{order} from Gen. Jackson to repair forthwith to New Madrid - to assist Gen^l Pillow in his operations against Gen^l Fremont. As the Gen^l felt compelled to obey and being too weak without his assistance to make the attack, I have been compelled to defer making an advance until I get reinforcements from below or Gen^l Pillow joins me. I have had no information from that officer for several days. I feel anxious to know what is going on at New Madrid and what are his plans.

I have raised the occupation of Fredericktown, forty miles in advance of this place, with 600 Missourians under Col. Groce, and 200 mounted Arkansians, the whole under command of Col. Boland. I have

directed this officer to seize all the lead at-
mine a la Motte, to send it to this place for trans-
portation to Pitman's Ferry. I have also directed
the same officer to send out a party of mounted
men and at all hazards to cut the communication
between Ironton & St Louis.

I shall leave to day
for Pitman's Ferry, ^{Monday} to look after the troops & supplies
in that direction.

I am much embarrassed for want
of transportation for my Command. I hope you are
affording Col. Crook every facility in obtaining the
fifty teams I sent him for. As I did not wish to
send more letters than absolutely necessary by my
messengers, I will thank you to send this letter or

Brigade Genl. John A. Bagge
Chief of Staff, 1st Div. Cav. 3

Dear Sir,

I have
the honor to report for the information of the Lt.
Genl. commanding Trans. Mil. Department. The Brigade
commanded by myself is now and has been
without a staff organized since September 1867.
I respectfully request that the following appoint-
ments be confirmed to date from the date
opposite to their respective names. V. G.

1st. Private John B. Hardman, 17th Texas Cavalry, to
be Assistant Adjutant General from the 1st day of
February 1868. Since which date he has been acting.
His nomination was recommended by Brigade
Division and Department Commanders (at Fort Smith)
to War Department for confirmation.

2nd. Captain John H. Douglas U. C. S. 11th Texas Infantry
to be Major & Brigade Commissary of Subsistence,
Randall's Brigade, since July 1st. 1868.

3rd. Capt. John H. Joseph U. C. S. 14th Texas Infantry
to Captain and Asst. Brigade Commissary of Subsistence,
Randall's Brigade, since July 1st. 1868.

1st. Should be made to be recommended
after due trial is made;

3rd. Permit Major Leonard Randall to be
re-appoint to be Brigadier General Officer in
the rank of 1st Lieut of Cavalry to date from the
1st day of January 1863. Since which time ^{he} has
been acting, his name having been recom-
mended to the War Department for that office
by his Brigade Division and Department Com-
manders since January 1st 1863.

4th. The difficulty of intervening
renders it exceedingly difficult and almost
impracticable to receive communications
from the War Department. renders it necessary
to ask that the Department Commanders
make the foregoing appointments for the good
of the Service. I trust that the appointments of
Capt. John B. Wardlaw U. S. Grd. and
Lieut. Leonard Randall be confirmed from
and after the 1st day of January 1863. These
officers have been acting in their respective
capacities since that date & have shown
themselves in every way worthy & well quali-
fied.

Respectfully to: the Hon. Sec.
Hon. Randall

I have the honor
to acknowledge the receipt of your letter of the 17th inst.

of the Confederate States, Captain William
B. Richardson A. J. S. of my Staff.
is stationed in the army on the 17th
inst of May 1861 as first Lieutenant
and subsequently was appointed A. J. M.
serving in that capacity as a Regimental
Adjutant and Brigade official Subsequent
to the 1st of June 1861. He has since
been in the same capacity. He has accompanied
me through the Campaigns of Bragg Genl
McCullough & Price in Arkansas & Missouri
and through the campaign in Mississippi
to the fall of Vicksburg & this time
accompanying the Army of Confederate States

his Regiment (the 3rd La Infantry) he
no doubt would have been a good officer
in this. He is position on my staff has
presented his advancement. Always active, prompt
in the field - intelligent and apt in the
discharge of all duties assigned him, I
cannot but much recommend him for
promotion - never acts as a man for
promotion.

He is a graduate of the Western
Military Institute of Kentucky, and
although more experienced as a soldier at
formation of my Regiment in May 1861
than any other of my officers, has added
to his knowledge every thing necessary to
make him a most efficient officer. He
is a native of Tennessee - is of pure
blood the usual from Louisiana, has no
intermixture of the Southern States, has chosen
of my family. His conduct as an
officer and gentleman is unimpeachable. I
have in my reports after battles had occasion
to notice him favorably.

As a man for his past services
I must as an officer recommend him

Yours truly

Answer of Depy: 11th July 1874.

I beg that you will give your favourable attention to the application of Capt. Hardeman for appointment as A. A. G. - I was A. A. G. of the Division & ordered the 1st Brigade belonging, at the time that Capt. Hardeman was assigned to duty in the A. A. G. of that Division, and I know that he was a very efficient and valuable officer. I must call the attention of the ~~Gen.~~ also to the fact that at the time referred to, it was usual to assign officers not belonging that day in the A. A. G. to the 1st Bde. because of the fact that there were not officers enough in that Dept. - & I submit my respectfully that Capt. Hardeman having been transferred to the A. A. G. Dept. under those circumstances, & having served therein gallantly & efficiently ever since, ought not to be thrown out of consideration & receive the importance in the matter of his appointment & duty - Very respectfully

I have the honor to apply through you to his Excellency, the President to raise a company for home defence; to be composed of citizens not subject to conscription; with the privilege of enlisting such as may offer between the ages of forty and forty five - this latter class to be exempt from conscription in the event a call shall be made by the President to enforce that class. This company to elect their officers and to draw the same pay and rations of other troops and to continue the organization at the pleasure of the President. The importance of this locality; being the point of intersection of the East Tenn: & Ga: R R with the Western & Atlantic R R: and the government supplies and machine shops manufacturing Govt: work;

usually accumulated and in operation here;
together with its exposed condition rendered it
an organization of great importance. A por-

I organized a company of old men under
your authority dated June 20th 1863 for the defence of
Sault Ste Marie and vicinity, but they are unwilling in con-
sequence of the material of which the company is
composed (being physically unfit for field ser-
vice) to go beyond the limits prescribed by the
authority & being too little for them at Sault Ste Marie
without acting in concert with other companies.
Major Genl: Howell with ordered me on detached
service to aid in drilling and organizing a re-
giment of G. I. Guards in camp at this place. I have
performed this duty to the best of my ability, but
being now in my forty ninth year, and having
served two years up to the 1st April last under
commission in the regular service I find my
health much impaired and am satisfied that
although willing I cannot stand another winter
in camp. I therefore respectfully tender my re-

At

1st. & 2nd. Regt. Va. Inf.

Sir,

I have the honor most respectfully to recommend to your favorable notice, Mr. James, R. Harden, of Augusta County Virginia, for appointment as First, or Second Lieutenant, in the S. Army of the C.S. Mr. Harden has been in active service in North W. Va. and Kentucky, ever since the War commenced. He has served in various capacities, being at one time appointed Adj. of the 36th Regt. Va. Inf., in which office he performed the duties, with energy and ability; and to the entire satisfaction of his Commanding Officers. Mr. Harden is a gentleman & military education, and would be of great service as drill master in this Brigade. He has been acting as Adjutant of my Battalion, for the past ten weeks, and has been instrumental in securing for it, that discipline and military regularity, which is absolutely essential to efficiency.

and the success of our arms. I sincerely hope
that he will receive the appointment & be
specified in the report.

Very respectfully

Yours truly

G. C. Wharton

Col. Commanding

Brigade

I most cordially endorse the above recommendation
of Mr. James A. Hardin, & cheerfully bear testimony
to the efficiency & ability with which he has discharged
all the duties assigned him, in the organization
of the Battalion. No Lieutenant was found sufficiently
acquainted with tactics & the duties of Adjutant to
fill the position. Mr. Hardin was consequently assigned
to that position & has since been acting in that
capacity - entirely to the satisfaction of all
concerned. By the Army regulations a Battalion
is not entitled an Adjutant, I therefore most
respectfully solicit for Mr. Hardin the title
of Lt. in the Confederate Army & that he may be
assigned to duty with Lt. Col. Dennis's Battalion.

Most respectfully yours

G. C. Wharton

Sir.

I beg leave to call your attention
to an application to be made in favor of the appointment
of Mr James A. Harden to the position of 1st or 2nd
Lieut in the Provisional Army of the Confederate States, or
to that of Adjutant. I have but lately taken com-
mand of this Brigade, but since I have been here I
have been very much impressed with the soldierly bearing
of Mr Harden, and the most satisfactory manner in
which he discharges all of his duties. He has been for
some months discharging the duties of Adjutant of
Derrick's Battalion, a large and very fine Battalion, and
he has given the most entire satisfaction in that office.
Not being in commission however he has not received
any compensation for his services, which have thus been
most patriotically rendered. I sincerely wish that
he may be commissioned and that the service may
have the benefit of his fine qualities. I should
delight very much to see him join this Brigade.
I am most respectfully

Sir:

I have the honor
to recommend Mr. James A. Harden, for
appointment as Adjut. of the "Independent
Battalion" under my command. Mr. Harden
has been acting in the capacity of Adjut. of my
Battalion, since the 23rd of May 1862. be-
fore which time he was Adjut. of the 36th Regt
and, had served ever since the war commenced
in other official capacities, to the entire satis-
faction of his superiors. He is a gentleman of
military education, has exhibited remarkable
energy & efficiency, & is not only worthy of, but rich-
ly merits the appointment for which I recom-
mend him, & which he has gratuitously filled
for nearly six months. I would respectfully re-
quest, & do sincerely hope that, in consideration
of the past services rendered by Mr. Harden, the
Dept. will give him the position for which he
is herein recommended, & that it will date
his Appoint. back to the time when he commene-
ed to act as Adjut. of the Batt. I feel confi-
dent in stating, that the service would lose a
faithful, competent & zealous Officer, in
case Mr. Harden does not receive his ap-
pointment.

I have the honor to be, Sir,

My dear Sir.

I wish to enlist your efforts in behalf of
a young man in this Brigade, named James M. Harden,
with whom I have been very much struck. He has been
acting for some months as Adjutant of Derrick's Battal-
ion, one of the very best corps in the Army. Young
Harden has not had influential friends to press him
as he deserved and consequently he has not been com-
missioned, but he has been discharging without pay
the duties of Adjutant from the purest feelings of duty
and patriotism. He is represented as being a first rate
soldier, prompt and most efficient in the discharge
of every duty and I should dislike most exceedingly
to lose him from this Brigade. He is attached to
his Battalion and does not wish to leave it and his
Officers would be very unwilling to give him up.
There is to be an application made for his appointment
as such in Provisional Army in order that he may
retain his position as Adjutant and receive pay for
his services. The papers are to be sent to Col C. Q. Troup
at Winchester, and I shall be very much
obliged to you & Mr Hunter if you will lend your
influence to the promotion of the desired object.
I am very truly Dr

Capt. G. A. Mercer, A. A. G.

Captain;

Genl. Orders, No. 6, current series, A. & S. G. Office, Richmond, Va. I. calls attention to the manner of accounting for property lost or destroyed, and of disposing of such as becomes unserviceable for service, provided for by certain paragraphs, Army Regulations. — Genl. Orders, No. 21, current series, from the same source, Par. I. makes, if I understand it correctly, Ordnance Stores an exception from other public property, and provides a different mode of condemning such stores as may be reported unserviceable. Par. II. of the same order, directs that when Requisition is made to supply deficiencies, a copy of the Report of the Inspector shall be appended to show the necessity of the issue. — A circular from the Ordnance Bureau, dated Aug. 1863, & signed by Col. S. Boyce, Chief of Ordnance, directs that when the Requisition is rendered necessary by stores becoming unserviceable, it must be accompanied by a report of an Inspector as to whether they are unserviceable or not, and as to whether any blame is to be attached to the officer having command of the stores. — A letter to Brig. Genl. Mercer, from H. O. Dept. dated Sept. 19. 1863, & signed by Brig. Genl. Jordan, Chief of Staff, states that the commanding General has decided to discontinue the practice of inspecting and condemning public property by officers on duty of inspection attached to his General Staff, and hereafter require property to be inspected, condemned, and disposed of according to certain parts Army Regs. — or, in other words, as directed by Genl. Orders, No. 6.

This letter annuls par. I. Genl. orders, No. 21, from Richmond, but leaves parts of the same order, in force, unless it is considered as also annulled by implication. I have been in the habit of taking this view, & have issued to supply deficiencies in Reports of Boards of Survey. Now, the object of this communication is to ascertain if my construction of Genl. Lord's letter is correct, in order that I may be able, if called on, to show perfectly plain, and not implied authority, for disregarding par. II. Genl. orders, No. 21, current series, from Richmond. I would like, if possible to have Genl. Jordan's decision as to the intention of his letter in this respect.

Very Respectfully Your Obedt. Servt.

Colonel.

Your letter of the 13th enclosing Col. Walcott's circular of the 6th was rec'd to-day. The object of the circular appears to be to ascertain the relative quantity of fuzes, of each rate of burning used in actual practice, with I presume the view of regulating the manufacture of them. At least this is the only way I can understand it. If this be correct, I cannot make the hit you desire, as I have no means of ascertaining the distances at which shell would be used against the enemy in this Dist. The only engagements that have yet taken place having been with iron clads when shot were used. The result of target practice would be of very little value if any.

I cannot tell what percentage of fuzes of each rate of burning will be necessary here until after an engagement so the only safe plan is to have a sufficient quantity of all kinds, which I think we now have. You might suggest to Col. Walcott that a great deal of unnecessary inconvenience would be saved if all the Ordnance made their fuzes of the same size and taper, which now they do not. They also burn with great irregularity. Very Respectfully Yours W. B. Smith

Assistant Surgeon W. H. Hargrove, of the 26th La Regt

the existence of the heart disease consequent thereon.

I regret to be obliged to forward the enclosed certificate, and to ask for an extension of my leave of absence for thirty (30) days.

It ought to have been forwarded on yesterday, but the weather has been damp & I have been unable to leave the house for a day or two.

If you can spare a few odd minutes, I should be glad if you would acknowledge receipt of this. There are rumors floating about here of movements in the Army of Tennessee which are particularly anxious to return to the front as soon as possible. I would do so now if I were at all fit for service, and shall do the earliest possible moment.

Maj. C. A. Harding 2^d M served as Quar-

until July 1863. when the troops composing it were
separated in the Pennsylvania campaign. In
October 1863. they were assigned to my command, but just
at that time Maj. Harding being unemployed was ordered
to report to Bryan's Brigade, M. Law. Div, 1st Corp. -
where he is now serving.

My command consists of a Regt. Cavalry, one

one 2^d Master Capt. Dacey of the Cavalry. The strength
of it is over 1300 men - 900 of whom are present for
duty or within reach. I am obliged to take line officers
from their command to do the duty of Quarter Masters -
I therefore respectfully ask that Maj. Harding be
relieved from his present assignment & ordered to

I enclose herewith statements of work done, and of Receipts & Expenditures. for Feb. ult.

I have now a foreman in charge, a very efficient man, who has entire control of the men & operations in the shop. Mr. Gilman now gives his attention exclusively to the designing of tools & machinery & inspection of work. This arrangement works well. This month we will turn out some pistols, and I hope to send you a sample by the 20th of the month.

Please send me a tracing of packing box for heavy size pistols. What implements will it be necessary to furnish - and in what proportions?

Yours of 20th inst is received. - If you can spare two machinists, & four armmen, we can use them to good advantage. I will be glad to have them transferred.

Can you spare two or three milling machines? These can be very usefully employed.

We are very much in need of some large steel for forging dies. We could use old dies I presume, in making new ones for forging dies for barrels, lock frames, and cylinders. We also need some flat steel, say 3 1/2 to 4 inches x 7/8 to 3/4 for saws & mills. If you can send a small amount of this steel, it will be useful.

We are getting along pretty well now, & I will send you with this months return, a sample pistol.

Col.

I am in receipt of your letter of 10th inst. I had already packed up and invoiced guns & components by direction of Col Wright. Col W. wishes the shop to work entirely on pistol work for a time, to test the capacity of the establishment & to enable him to decide whether to continue the work or not. I do not doubt but that the work will be stopped in six weeks as pistols seem to be as far off as ever. I have a good man now in charge of the men & operations of the shop & it may be he will make an improvement. I am glad Hawksley deserted, as he was worthless, but the remaining eight of our missing men were really good men.

I send you copy of 'Return of Work' for December. It would be impossible for me to repair the arms I sent today, as we have lost our only stroker, and our armors are regular butchers.

I have on hand. some 450 Enfield
and Springfield rifled musket barrels, and
I think nearly enough components, with
which to fit them up. I have no wood
for stocking - and but one man competent
to stock guns. Had I not better send
the barrels & components to you?

Nine of our best men, are in the hands
of the enemy - captured near Savannah.
Two of them were machinists (our best hands),
and one of them a first class blacksmith.
This will retard operations here, to a very great

GEN. POLK'S PAPERS

Office of Quarter Master General

Lexington Mo. Sept. 25. 1864.

General.

Permit me to have the honor to submit for your approval a requisition for musket percussion caps. I hope it will be in your power to approve it, and that the caps will soon be on their way to us. We have now, including arms captured at Springfield and this place, over 7000 arms requiring the musket cap - and we can get none excepting from the Confederate States.

Our victory here is complete. Our loss is small, being less than one hundred in all. The loss of the enemy is 174 killed - and 268 wounded. Our men behaved finely - rolling up hemp bales before them, to within 40 yards of the entrenchments under a severe fire of canister and musketry. We captured one regiment of cavalry, horses, arms, equipment, & all complete.

Mulligan's "Irish Brigade" from Chicago were among the prisoners. Our force is now large, and is increasing.

I am within 40 miles when I say that we can if necessary have 50,000 men in the field to advance upon Jefferson City, and St Louis. The State is in a

blaze and will soon be in the Confederacy—
Hoping that we may soon be able to record
a victory at our State Capital - I remain
Very Respectfully.

In the getting up of some new machines in this establishment. we are very greatly in need of some machinery - which I find it impossible to obtain here. and am induced to apply to you again for help -

I need most particularly - a planer. a screw cutting lathe. and a gear cutter. If you can - not turn them over to me. can you not lend them? I will promise that they shall be returned to you in good order, whenever you may require -

If possible Col. I beg that you will accommodate me in this matter. as the use of the machines named. if only for a limited period. will be of great service. Should you decide to send the machines asked for. please turn it over to Q. M. for transportation as soon as may be convenient.

I have the honor to call your attention
to the fact that while the expenditure
of ammunition in this District continues
the supplies by which it has hitherto been
met, have for the past twelve or fourteen
days, ceased to arrive.
The mortars have only been kept going
by the shells recovered from past battles
and there are now completely exhausted.
I would respectfully ask that if possible
something be done to guard against
misunderstandings of this kind in future.
Our mortar shells, snail shells, Rifle Balls
so our own ammunition is the thing
most urgently needed.

Enclosed I send you an extract
from Captain Pickens's letter to Col
Haddy, Chief of Ordnance of the
Department. In which he gives list of
articles most needed in war.
We have four times as many leaving our
Morris Island, and they are now / from
the fact of the numerous batteries built
by the army / almost the only source
of ammunition we have.
It is important that the fabrication of
mills, mortar & ball shells. Pickens has shell, 32 &
42 lbs. shells, should be pushed on
as rapidly as possible. I respectfully request
your assistance in this matter.
I enclose to you list of articles needed. There
are attached 300 rounds of the former
now on hand.

I am in receipt of your letter of the 28th inst. and am very glad to hear that you have been made by Major Harding, to render this establishment efficient & useful to the Government. I have seen the condition of the Machinery and find it to be in a state of repair for good service. I am not in a position to say whether it is sufficient for the purpose of the Government, but I can say that it is in a state of repair for good service.

could be equal to 500 Pistols per Month. judging alone from my limited experience with the Pistol Factory in Atlanta & knowing how many difficulties many arms now experience. I feel that Burr had a hundred per cent the advantage of this Establishment, both in quantity & quality of machinery & they never did so much work. I don't know what the same machinery is doing under Col. Burton.

As to moving. I presume it was never contemplated except to change the location of the works but to add to machinery to some other establishment. I cannot but think that the funds required to keep it up, could be used to much better advantage than when expended in the present manner. Possibly it would do well to add these works to the Barbours Factory at Tallahassee, Fla. where much material might be obtained by the Government.

The incorporation of the machinery
Tools &c. purchased of Haiman
Burr & Co. was fully understood by
the Board of Officers who recommended
the purchase. Their instructions
were to do one of two things, viz
to arrange with Haiman & Co. to
continue the manufacture of Pistols
on a more remunerative basis, or to
purchase the Machinery &c. for the
work on the basis of its original
cost as shown on the books of
Haiman & Co.
The proposition positively declining
to continue the manufacture on the
same and consequently the purchase
was recommended as per instructions.
The difficulties encountered by Major
Harding in thus attending all the
work at the present time, and I
have no doubt he has done all in his
power, but the main point is to
have the machinery in his command.

Columbus Ga Oct 25 1864

Sir,

I have the honor to acknowledge the receipt of a communication from J. H. W. Logan, Rich. City of Ordnance, dated Oct 18 64 informing me that the propriety of carrying on the factory from Columbus had occurred to you, and to give my opinion on the subject, and to make a detailed report as to the condition of the establishment at present, what it was when I was in charge, and what has been done since I left charge.

It is my opinion that the machinery and tools, now in the factory, would be of much advantage here, as at any other point in the manufacture of pistols.

I presume that the wages are the same as elsewhere, and the quality of material, and the skill of the workmen, are about the same at any other point.

It is my opinion that in consolidation of the establishments, and the employment of the same men, it would be a great saving, and unless it is with this view, I cannot see where the Department would be benefited by the removal.

The factory now in the manufacture of pistols, considering the difficulty in the way of turning out a large number, is in my opinion, not sufficient.

The Department by adding to its present facilities, ten or twelve machines, and employing a force of fifty men, could turn out, for every thing now made, 300 pistols per month, at a cost of \$1.50 each.

Very respectfully,
J. H. W. Logan

One grant each would yield 3000 pistols at a cost of \$36,000. It appears to me that the last named amount invested in cotton & transferred to Europe would purchase a much greater number of pistols and of a better quality than shown by the foregoing estimate, to say nothing of a great saving in time.

Under your instructions contained in letter dated January 31st 1862 and received by me at this place, February 13th ult. I came to this place, concluded based on promises to take charge of pistol factory February 22nd ult. Wainman & Bee had suspended operations in the shop some two months previous, and the workmen employed by them, had been transferred either to Maj Humphreys, Comdg. U. S. Arsenal in this place or to the Bayard shop of the Major Wainman. I at once had the building put in order, and took an accurate inventory of tools, machinery, & stock purchased from Wainman & Bee. The components for some 600 pistols (of the smaller components such as Keys, hammers, bands, split springs, screws &c. a much larger number had been made) had been made by Wainman & Bee and from these components some 200 pistols had been assembled, by dint of hammering & filing. The remaining components were purchased for the Government by a board of officers appointed by yourself. The smaller components, such as are mentioned above can be worked up, but the larger, such as cylinders, lock frames & barrels are with few exceptions worthless.

I do not imagine that either the components, or the tools, with which they were fabricated, were subjected to a very critical examination by the board. I presumed as no doubt you did, that everything at the shop was in order, that work could be commenced at once that the tools, machinery, & components, were

serviceable, and that nothing was necessary to commence
operations but to secure the proper number of men. I
was satisfied from all the information I could derive
that the men employed by Haiman & Co. were poor
mechanics as a general thing, and I did not care to
undertake the manufacture of pistols without at least
a few good workmen. I advertised for first class
machinists & blacksmiths and in a short time received
applications (from soldiers in the field) from sixty
or more. I was unable however, after three months
trial, to obtain the details of a man from the Army.

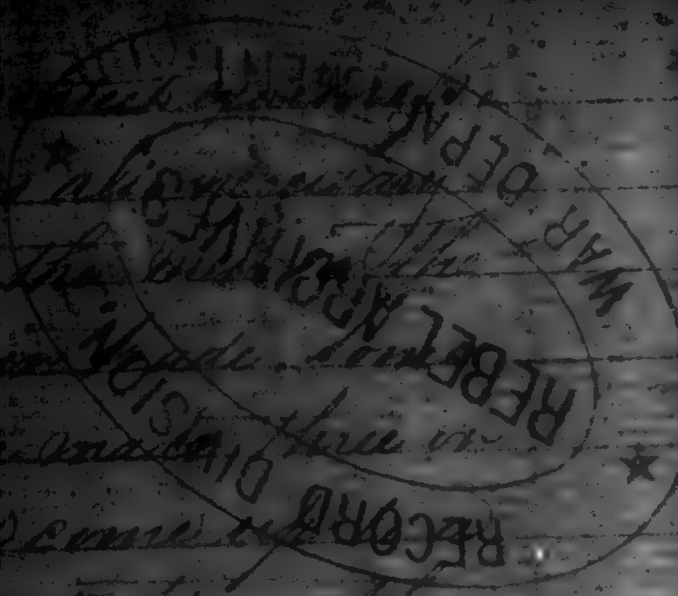

On March (19th) Maj H. Humphreys, then
Comdg. C.S. Arsenal at this place transferred to me
the employees of the Arsenal who were of the Arsenal
& a number of them men had worked for Haiman & Co.
in the manufacture of pistols, and I signed to be
able with them to commence operations at once.

I had already secured the services of Mr. H. D.
Copeland, as Master Armorer, and he selected me
this of the force transferred to me by Maj. Humphreys
(28 in all) and commenced work in pistol department.

It was soon seen that the tools used in the
fabrication of pistols, components, were wretchedly made,
used badly abused by the workmen. It became neces-
sary to give them a thorough overhauling. Using a
Colts Navy Pistol as a model, it was found that
the tools were exceedingly inaccurate, and that
it would be necessary in the most important
movement of our troubles. The men transferred
to me by Maj. Humphreys were literally "butter
& candle stick makers." There was not one
man amongst them, a machinist or finisher, and
with these men it was necessary to make tools

...in their fabrication...
...to make the tools...
...to work with...
...had to be taught their trade...
...the most important tools were made three or
four times over before they could come up to
proper standards. At the present time the
...being a fitting tool was finished, and are
of superior quality being made exactly to the
model. The milling tools are being dressed up and
but little now remains to be done before commencing
the work of making pistons. The tools purchased from
Norman (with the exception of the milling tools)
nearly all of which can be made serviceable) were
in nearly every case of no value. Besides the work
of making tools a great deal of work has been done in
the hotel department, such as repairing machinery,
fitting up new machinery, making bolts, pulleys,
blacksmith's tools, and blocks (for forging crankpins),
and jigs, and buffing machinery. The condition
of the shop now as regards its capacity for doing
work, is double that it was when I was working there.

The work has progressed slowly, but the chief
cause therefore I have already explained. But
besides the want of mechanical skill, the men
do not work now as they do in peace times. The men
in this shop are not so interested in their work as
those in any government shops of my acquaintance,
and men do not do so much work by one hand in
a day as they would in ordinary times.
The reason for this I am unable to give, but I am
satisfied that such is the case.

The operations have been more
expedited than in the postal department. Since April
the daily force of eight (8) men,
then ~~eight~~ repaired to the present date
1200 small ones, and the capacity of the shop is
greater now than it has been heretofore, there having
been lately added a logging machine & logging
wheel for bark.

I have expended to Sept 30th up to \$104,702.44
of this amount \$40,000.00 for services, and 31,289.92
from the same for the purchase of machinery, tools
& components. The balance of \$33,412.52 has been ex-
pended for material, lumber, cast steel, refined
iron, charcoal, and like, carpenters & machinists tool.

I think that the foregoing statement, is suf-
ficiently in detail the progress of the work has been
slow, and a source of great annoyance & dissatisfaction
to me. I think however that I have done my duty,
at any rate, I must leave it to you. It is highly
probable that had an officer accustomed to the
duty been placed in charge instead of myself, the
results would have been more satisfactory, and I
am satisfied that I could have done more for the
Department in other duty than I have been able
to accomplish here.

I am, Sir, Very respectfully,
Your obedient servant,
(Signed) James H. Harding,
Major Artillery, &c.

I certify that Capt. W. H. Harding was
acting as surgeon in the 6th Pa. Artillery, attending
the sick at the Hosp: at "Bealeton" Va. from
Co. of the 23rd of July 1861 to 3rd of
Sept. '61 which was the whole period of the
existence of said Hospital; and that the
reasons for no contract, according to Army
regulations, being made with him, were...

First, because there was no one there empowered
to make such contract; and secondly, because
if there had been in our possession a knowledge
of the necessity of such contract being made,
that it only could have been with the Surgeon
Genl., then being no commanding officer
there, the exigencies of the sick gave no time
for it. I further certify that Dr. Harding
commenced his attention to the sick at
"Bealeton" before I had received my
